

Fall River, Massachusetts
Contract 2B.3
President Avenue CSO Screening and Disinfection Facility
Addendum No. 1

Q. What is the architect's intent for the building brick specified in Section 04200, Paragraph 2.05?

A: The rendering provided shows an architectural perspective of the proposed building. It is envisioned that silver or gray brick would be selected. Actual brick color selected by Engineer will depend on the actual building components and/or colors provided.

Note: This rendering is provided to show intent only. It should not be assumed to reflect the requirements of the Contract Documents. This rendering shall in no way alter the requirements of the Contract Documents.
